

WORLD HAPPENINGS  
BRIEFLY TOLD

Five thousand members of the American Legion and ladies of the Legion will be gathered at Vicksburg for two days in August.

A British Empire Trade Exhibition, the first of its kind to be held in any country outside the empire, is to be held at the Fair at Exeter from March 1 to April 27, 1931.

A new India House was opened in London by the Canadian Ambassador to India to help the empire's trade with India from her present troubousous era into days of peace and contentment.

Official figures on unemployment, shown in the latest issue of the Economic Survey, indicate that the unemployment on June 23, 1930 was about 70,000 less than on June 16, but 687,403 above the figure for June 1929.

Sir Joseph Ward, Canadian Minister of New Zealand, who resigned a few weeks ago owing to ill health, is dead. Sir Joseph, who was known as "the greatest of the great" in New Zealand, was 74 years of age.

Ralph Collins, Edmonton, Alberta, has been awarded a special prize in an aviation competition held at the annual Optimist International, in Elie, Pe. Seven boys from clubs in the United States and Canada, and David Wolf, Washington, D. C., were first.

Mariages à l'étranger. Green, the slopes of heaven in Scotland, are to be made extinct by legislation. The Government plans to pass by next fall a measure which will make it illegal for any man to have a wife performed by a clergyman or a registrar.

The Count D'Orsay has submitted the name of Arsen Henry, to the French minister to Siam, to the Canadian Government, for consideration as the next French minister to Canada. Jean Krieger, the first holder of this post, is returning to France to become head of the French Government Press Bureau.

## Plans To Visit the Moon

Scientist Has Perfected Model of a Rocket That Will Make Trip to the Moon. A little, ballyhooing place on the Baltic, where the people have very bad of late perfecting an exact model of the rocket in which he intends visiting the moon. This model rocket is to be shot up by the explosive gas which will be the instruments concealed in it will record the composition of the atmosphere through which it passes. An automatic parachute will bring the rocket down again when the motors are exhausted. The model rocket is expected to reach a height of 900 kilometers and to bring back valuable secrets.

## Boat For Alberta

Five Thousand Samples Of Alberta Wheat Sent To American Vines.

Way of an appropriate "boot" for Alberta. George Hoadley, Minister of Agriculture, issued a \$100,000 sample of Alberta wheat to American visitors to the recent wheat convention at Toronto. It is the first time Alberta has carried off the world's wheat championship at the annual International Exposition at Chicago, four times during the last six years, the going last year to Joseph H. Smith, of Wolf Creek.

## Building Permits

Building permits issued by 61 cities in Canada, during May of this year were 10,000 less than in the same period of 1930. The total value of building permits issued by these cities had a value of \$63,577,966.

A bird's eye is protected by three eyelids.

Another peace note. Italy will build twenty more warships.

Doctor: "you say you have been drinking six glasses of beer a day? I can only allow half that number."

Patient (after a pause): "I really believe I have drunk a couple more." —Munich, Hamburg.

W. N. U. 1846

## A Remarkable Record

Seven Hundred London Firms In Business For Century Or More

It will be a surprise to Londoners to learn that there are many business houses in the city which have been in business for one hundred years or more. When we consider how easily businesses change through a change of fashion or the coming of new inventions, the families of these old firms, however, never feel the urge to seek fresh woods and pastures new, it is a remarkable and praiseworthy record of industrious enterprise.

## FISH SKINS AND WEARABLE

A spotted fish of yellow and white printed linen monogram and a red skirt is the latest.

And the similarly patterned waistline which the grown-ups are wearing, that's a hit.

A large yellow bone button attracts attention to the tail coating of this fish skin. The fish skin is a new region with 300 miles out to sea. H. C. Watkins, 23-year-old expert, is leader of the expedition. His four companions are all the same age, and each is a specialist.

Watkins is on a scientific expedition of Labrador this year, and of Spitsbergen the year before.

The fish skin is made of a fish which is not a trout, but a salmon and a station on top of the ice cap, 8,000 feet above sea level. From these they make a new style of fish skin clothing in connection with flying.

The hold of the "Quest" is packed with a year's food supply, including 100,000 pounds of dried fish.

The two-piece skirt is merely pinned to the bodice. Patch pockets stitched at side of placket, a belt and a belt buckle complete the outfit.

It's so attractive in white cotton gauze that it's a hit with the girls.

Shantung is stunning in opal-pink shade.

The white silk in baby blue or pink tones is just the cutest idea ever that's a hit.

It's so attractive in white cotton gauze that it's a hit with the girls.

Shantung is stunning in opal-pink shade.

Nine green and white plaid prints are the latest. Yellow-browns and green stripes in the plaid prints are the latest. Yellow-browns and green stripes in the plaid prints are the latest.

Printed lawn and gingham checks also appropriate.

Twenty cents in stamp or coin preferred.

## How To Order Patterns

Address: Winnipeg Newspaper Union, 317 McBeth Ave., Winnipeg, Manitoba.

Pattern No. .... Size ....

Town ....

Although we may be inconsistent in many things, we stand loyally by our prejudices.

The British Broadcasting Service will attempt to broadcast the roar of Niagara Falls.

## THE FAMOUS "SOUTHERN CROSS"

This picture of the famous "Southern Cross," and its pilot, Capt. Charles Kingsford-Smith, conquer of two oceans, was rushed by train, motor and over telephone wires. The monoplane can be seen flying over the upper tier of the Chrysler Building as it nears Roosevelt Field, where a wildly enthusiastic crowd awaited the intrepid flier's arrival.

## Will Explore Arctic Regions

Youthful Scientists To Spend Year In The North

Fifteen youthful explorers, whose average age is only 23 years, sailed from London on June 16 in the exploration ship "Quest" for a year's exploration of the Arctic regions. The "Quest" has already discovered stretches of Greenland and Iceland. The purpose of the voyage, which is under the auspices of the Royal Canadian Geographical Society, is to obtain information with a view to establishing a Canadian colony in the Arctic regions, with 300 miles out to sea. H. C. Watkins, 23-year-old expert, is leader of the expedition. His four companions are all the same age, and each is a specialist.

Watkins is on a scientific expedition of Labrador this year, and of Spitsbergen the year before.

The expedition will consist of a team of 8 men, 1½ yards of 38-inch canvas, a 1000-lb. boat, a 1000-lb. tent, a sled, a dog team, a radio, a compass, matches, and other workers are depicted. Even birds and beasts have their memorials.

Carved on the walls are the words, "Remember all the human beings that served and died." Then comes the list of animals: a polar bear, a horse, a mule, a camel, a message dog, and other animals. A dog, a caged parrot, a pig, and a group of canaries and mice are also depicted.

The "Quest" is packed with a year's food supply, including 100,000 pounds of dried fish.

## BOW RIVER CONSTITUENCY

Canadian MARKETS for Canadian FARMERS

and aid in the recovery of foreign markets

During the last 10 years Canada's exports of livestock have decreased by 65 per cent.

In the year ending March 1930 we imported:

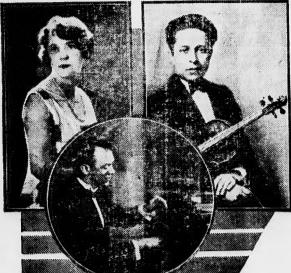

42,000,000 pounds of butter and  
41,000,000 pounds of meat.

In 1920 we exported to England 220,000,000 pounds of pork

During the Nine Months ended March 1930 we only exported 21,000,00 pounds to the same place.

Distinguished Musical Artists  
to Be Featured at Chautauqua

The Lowell Patton Artists bring to the coming Canadian Chautauqua here distinctive musical programs of notable interest. Lowell Patton, pianist, composer, interpreter of the piano, has held an outstanding place in the musical field. His programs are varied, artistic and unusual that they appeal not only to the genuine music-lover but to the general public.

With Mr. Patton in his fine company are Vitali Podolsky, noted Russian violinist, and Esther Danham, premier coloratura soprano.

Coming to Canadian Chautauqua

One of the most inspiring plays ever written is "Pollyanna," which comes to the Canadian Chautauqua here this summer. Author Porter's book and the same name this captivating comedy-drama possesses a certain whimsical charm that reminds one of Harry's home town. It is a play that has been called "the most popular of the rare plays which are likely to become institutions of the stage like 'Peter Pan' and 'The Wizard of Oz'."

"Pollyanna" abounds in fun and humor. There is not a dull moment in the play. The girl with the smile and the sunny disposition pursues her way, spreading her philosophy of gladness and warming the hearts of all whom she meets. It will be presented here by the Martin Smith Players of Canada.

# Canadian Border Patrol Is Highly Praised By U. S. Representative

Washington.—The Canadian border patrol was credited by Representative Clancy, Republican, Michigan, with having "practically killed illicit liquor traffic across the United States border."

Emphasizing that the Canadian Government is "absolutely co-operating," Clancy contended that there was no necessity for the "dangerous activities of the United States patrol in operating its boats without running lights." He recently protested to the treasury department that this was the practice of the United States patrol boats.

While lauding the Canadian border patrol for its "honesty, courtesy, service and efficiency," the Michigan representative quoted E. W. Camp, former commissioner of customs, as describing the United States border patrol as "about 90 per cent. crooked or inefficient."

Clancy attributed the difference he portrayed to the different liquor laws of the two countries. Canadians, he said, "respect and obey their liquor law because they have a good one." In the United States, he said, "we can't build our jails fast enough."

## Disastrous Forest Fires

**Loss In Northern Saskatchewan During Three Months \$138,929**

Prince Albert, Sask.—Forest wealth of more than \$138,929 went up in smoke in the fire ravaged in Northern Saskatchewan from April 1 to June 30, Dominion forestry office revealed. This figure covers only 185 of the 225 fires reported in this period, but it includes the major conflagrations.

Including the disastrous fire at Birch Bark Lake, 171,627 acres were burned over by the fires; 17,723,000 board feet salvaged saw timber burned, and 3,033,000 board feet destroyed. Sixty-five thousand of the 108,338 cords of fuel and pulpwood in fire areas are salvaged. Causes of the fires are summarized as follows: Setters, 91; campers and travellers, 43; incendiary, 34; railways, 14; smokers, 6; unknown, 5; lightning, 1; and lumbering 1.

## Must Import Wheat

**Portugal Is Now Faced With a Serious Shortage**

Lisbon, Portugal.—Because of a shortage of wheat, the National Association of Millers have suspended work. No fear of a bread famine was felt, however, since army stocks are sufficient to keep up the daily supply without resort being made to a ration system until the government is able to modify the law concerning the import of foreign wheat.

The public has been advised not to waste bread and the Minister of Agriculture has ordered all wheat merchants to declare their stocks so the government may be able to fix the quantity to be imported above the legal quota.

Alarming reports have reached Lisbon from certain parts of the interior where there is a serious corn shortage.

## Fatality At Camp Hughes

**Lieut. A. J. Farrer, Of Winnipeg, Killed At Target Practice**

Camp Hughes, Man.—Lieut. Anthony J. Farrer, 22, of Winnipeg, was accidentally killed when he was struck in the head by a stray bullet at target practice. Lieut. Farrer was standing within the range of fire. Death was instantaneous.

The late Lieut. Anthony Farrer, was a widely-known and popular member of Victoria athletic circles until a few months ago. He graduated from Brentwood College, where he played rugby and built up a fine record in running and other sports.

A short time ago he moved to Winnipeg, where he held a commission in the Princess Patricia's Canadian Light Infantry.

## Population Of Prince Albert

Prince Albert, Sask.—Local civic officials and members of civic boost organizations are claiming a population of 12,000 for Prince Albert, the voters' lists having shown there are 4,755 voters within the boundaries of the city. This new total is based on the contention that the number of those entitled to cast a vote in generally about one-third of the population.

W. N. U. 1846

## Labor Government

### Escapes Defeat

**Have Slim Majority On Critical Division In British House**

London, England.—MacDonald Labor Government escaped defeat by the slim majority of three votes in a critical division in the House of Commons on the finance bill. It was the smallest majority in this government's career, which was sustained by eight votes two months ago on the coal mines bill and lost a vote on a minor clause of the coal bill before that.

The vote was against an amendment moved by Rt. Hon. David Lloyd George, the Liberal leader, under which profits spent upon modernization or improvements of plants or machinery would be rendered exempt from income tax.

Although it was the Liberal leader who sought the amendment which met adamantine opposition from the chancellor of the exchequer, it was some of the Liberals who saved the government and further weakened the oftbroken solidarity of the Liberal party in the House. Four Liberals voted with the Labor government. They were D. Simon, of the Withington division of Manchester; Sir William Edge, Leicester; Sir Robert Hutchison and Percy A. Harris, Bethnal Green. Beside these, several Liberals, including Sir Godfrey Collins and Sir Donald McLean, abstained from voting.

## Boy Scout Jamboree

**First Official Jamboree Ever Held In Canada Staged At Prince Albert National Park**

Prince Albert.—First boy scout jamboree ever held in Canada was officially opened in Prince Albert National Park, with 476 scouts answering the roll-call. Situated on beautiful Lake Waskesiu, the site selected for the camp is ideal in every way.

"Big Beach," nearly half a mile long, paved with clear, white sand, and curving out to Prospect Point, offers fine bathing facilities, combined with perfect safety.

Waskesiu Beach, the park headquarters and the site of the western summer home owned by Premier Mackenzie King, is a government motor camp, equipped with kitchen shelters, open fireplaces, life-saving equipment, warden's quarters, service and filling stations.

## Unemployment In Britain

**Conditions Make Deep Impression On Visitors From U.S.**

New York, N.Y.—Three senior fellows of the Walter Hines Page Foundation returned to New York in the liner, "Ile de France," and said that their deepest impression on conditions in Great Britain was of the seriousness of unemployment.

The fellows are: Robert P. Scripps, of the Scripps-Howard newspapers; Clark Howell, editor of the Atlanta Constitution; and Stuart H. Perry, editor of the Adrian, Mich., Telegram. Howell and Perry are directors of the Associated Press. They were sent abroad by the Foundation to study conditions in England, France and Germany.

## To Make Long Trip

**Government Aviators Have Left On Extended Flight To North**

Lac Du Bonnet, Man.—Two Canadian government airplanes, equipped for a three-month cruise, hopped off on a trip which will eventually take them to Aklavik, at the delta of the Mackenzie River on Canada's northwest shore. Under command of Flight Lieutenant F. J. Mawdesley, the party plans to go north by Stony Rapids, Sask., and along the Mackenzie. The return will be by Great Bear Lake and Coppermine River, Baker Lake, Chesterfield Inlet and Churchill, at the terminus of the Hudson Bay Railway.

## For Poultry Show

Ottawa, Ont.—Representative of the aristocracy of the Canadian poultry world, 800 birds are assembled in Ottawa awaiting shipment to the World Poultry Congress, which takes place in London, England, towards the end of the month. They have been sent from every province of the Dominion.

## Testing Out Glider

**Flight Across Atlantic May Be Attempted Later**

New York.—A wireless message from the liner "Savaria" revealed that the glider "Clairborne Foster" stayed in the air for eight hours, believed to be the longest ocean flight ever made in a towed glider.

The glider, named for the Broadway actress who is sponsoring the venture, is being taken to Gibraltar for an attempted east-west flight across the ocean behind a ship. On the eastward voyage practice flights are being made by the youthful owners, Hugh Keavney and Robert Lewis.

## Had Narrow Escape

**Markinch Man Left Grain Bin Just Before Wall Gave Way**

Markinch, Sask.—J. E. Burke, local agent for the North Star Grain Elevator Company, narrowly escaped being buried alive here when a grain bin in the elevator, next to the one he had been cleaning, burst open, just as he had climbed out, pouring several tons of wheat into the space he had just vacated.

Had the breakage occurred but a few moments sooner, it is probable that Burke would have been hopelessly trapped in the bin, with little, if any, chance of getting out.

## VICEROY WOULD DEAL WITH FIRM HAND IN INDIA

Simla, India.—A fight to the finish with the civil disobedience movement was promised by the viceroy of India, Lord Irwin, in his address to the Indian legislature at Simla.

"As long as civil disobedience persists we must fight it with all our strength," Lord Irwin said. "I believe the right and best solution to the riddle of India will be found only in Britain and India joining together in the search."

Lord Irwin bitterly denounced the civil disobedience method of procedure instituted by Mahatma Gandhi, now jailed. He said it was a "deliberate attempt to coerce established authority by mass action."

"It, therefore, on account of its natural and inevitable developments, must be regarded as unconstitutional and dangerously subversive. Mass action, even if the promoters intend it to be non-violent, is nothing but the application of force under another form. And when it avowedly is intended to make government impossible, the government is bound either to resist or abdicate."

The present movement is exactly analogous to a general strike in an industrial country intended to coerce the government by mass pressure instead of argument."

In reference to the Simon commission's report on India and the proposed round table conference in London next autumn, Lord Irwin said:

"The responsibility of expressing a considered opinion has now passed to the government of India—and just as the Simon commission would have failed in its duty to parliament if it had not presented a report reflecting faithfully its own conclusions as members of the British Parliament, so the government of India would fail in its duty if, similarly, it did not approach a consideration of the commission's report with complete liberty of judgment."

The following are: Robert P. Scripps, of the Scripps-Howard newspapers; Clark Howell, editor of the Atlanta Constitution; and Stuart H. Perry, editor of the Adrian, Mich., Telegram. Howell and Perry are directors of the Associated Press. They were sent abroad by the Foundation to study conditions in England, France and Germany.

## TWINS TAKE LONG TRIP

June and George Hunt, two-year-old Lancashire twins, sailed recently on a six-thousand-mile trip from Liverpool to Britannia, British Columbia, on board the Canadian Pacific liner "Duchess of Atholl." George looks as though quite capable of defending sister June and faces the world with the air of one ready for all hazards. However, Canadian Pacific officials, both on the ship and the railway, smoothed the way for the tots and their trip was one long playtime to the two of them.

## IN MOTOR ACCIDENT

Duke of York, who figured in a motor collision on his way to the second cricket test match at Lords. He was uninjured.

## Investigate Butter Prices

**Charge Made That Combine Exists Amongst Certain Produce Companies**

Ottawa, Ont.—Charges that a combine exists amongst certain produce companies with a view to depressing the price of butter to the producers may be ventilated under the Combines Investigation Act, at least in one section of Canada, if the representations of Jean Francois Poulot, former Liberal member of Parliament for Temiskaming, Que., are prosecuted to their ultimate stages.

In a communication to Hon. Peter Heenan, Minister of Labor, was enclosed a copy of a newspaper circulating in his constituency where in the assertion is made that the wholesale dealers "keep the market prices low when they purchase butter and accumulate it in cold storage for some time, selling it at an exorbitant price to the consumer later."

They thus deprive the farmer of his legitimate profits, says Mr. Poulot.

The former member asked the minister to intervene under the Combines Investigation Act.

## Crooks Displace Decent Men

**Given Election Posts In Chicago Despite Records**

Chicago, Ill.—Throwing an illuminating light upon Chicago election disorders and the ability of known crooks to get into public life, from minor positions to the state senate and the bench, a supplemental petition has been filed before County Judge Edmund V. Maguire.

The petition names 211 men and women, alleged to have police and criminal records, who have been appointed as election judges and clerks. This petition, signed by a large number of reputable voters, follows one filed last month in which 275 judges and clerks were named as having police or prison records. Men and women judges and clerks with clean records were displaced to make room for the list handed in by the political bosses, it is asserted.

The petition names 211 men and women, alleged to have police and criminal records, who have been appointed as election judges and clerks. This petition, signed by a large number of reputable voters, follows one filed last month in which 275 judges and clerks were named as having police or prison records. Men and women judges and clerks with clean records were displaced to make room for the list handed in by the political bosses, it is asserted.

## Expects Heavy Crop

Saskatoon.—Third generation Marquis wheat is standing four feet high on the farm of Henry W. Fisher, at Hague, Sask., north of here, and the heads are about four inches in length. If nothing happens to it, Fisher expects his 50-acre crop to go over 40 bushels to the acre.

W. N. U. 1846

## Milling Qualities Excellent

**Millers In Britain Are Enthusiastic Over Garnet Wheat**

Ottawa, Ont.—Considerable enthusiasm was expressed among millers of Great Britain and on the continent who investigated Garnet wheat as to its milling qualities. A report by L. H. Newman, Dominion cerealist, on the result of the investigations of specially bagged shipment of this blend of wheat overseas has been made public. For a time at least Garnet should be shipped as a separate variety, instead of mixed with Manitobas. This would give the millers an opportunity of knowing the variety they were dealing with and they could treat it to the best advantage.

The Federal Department of Agriculture decided to submit Garnet to test by millers in the United Kingdom, and in different European countries. A year ago 6,700 bushels were shipped overseas to men expert in milling to obtain their opinions as to its suitability. These men were asked a series of questions, and Mr. Newman's report includes the replies they made.

## Would Halt Immigration

**President Beatty Of The C.P.R. Would Put Check On Entries From U.S. and Europe**

Toronto, Ont.—Immigration from the United States and Europe should be stopped for the time being at least, said E. W. Beatty, K.C., president of the Canadian Pacific Railway, in an interview here. Mr. Beatty would not include on the ban, however, "those British immigrants who bring their own capital and can proceed under their own steam."

"Unemployment is bad in the building trades, I think, because the usual projectors of big buildings are holding back until the wheat situation clears up. But if we have a normal crop this year and it moves out in a normal way, which it should, unless there is a permanent resistance in Europe, which I doubt, the situation in Canada should clear up," said Mr. Beatty.

The former member asked the minister to intervene under the Combines Investigation Act.

## Proposed Power Line

**Plan To Produce Power For Saskatchewan Being Considered**

Prince Albert.—A proposal by interests of eastern Canada and the United States for expenditures of \$4,500,000 on construction of a power project at what is known as "The Horseshoe Bend" on the Saskatchewan River, is under consideration of the Saskatchewan Government.

The site for the proposed harnessing of the river, which would produce power for distribution throughout the province, is 35 miles east of Prince Albert.

It was said here that the Fraser Brace Engineering Company of Montreal, and Rollins and Sons, Boston, are backing the scheme. It is considered development of northern Saskatchewan's pulpwood resources would follow completion of the project.

W. N. U. 1846

## U. S. SENATOR SAYS TRADE WITH CANADA IS KILLED

Washington.—Senator George of Georgia, in a statement issued recently through the Democratic National Committee, assailed the administration for "strangling Canadian trade with the greediest tariff bill ever enacted." The tariff, he said, "has squeezed more than a protesting squawk out of our northern neighbor and best customer."

"Unwittingly or not it has made the Smoot-Hawley-Grundy tariff an important issue in the forthcoming general election in Canada to which country, in 1929, we exported \$948,000,000 worth of commodities, and from which we imported the same year shipments to the sum of \$502,000,000—a trade balance of \$445,000,000 in our favor.

"Obviously the loss or the serious curtailment of our trade with the Dominion of Canada is no trifling incident. On the contrary, it presents proportions which, in time, may assume aspects that will have to be treated as an economic calamity."

W. N. U. 1846

## Explanations and Comments

The Call Of Moses, verses 1-10.

The summons to become the leader of his people, deliver them from oppression in Egypt and bring them forth on their way to the Promised Land, came to Moses as, in his care of the flock of his father-in-law, Jethro, the priest of Midian, he wandered from the back of the wilderness (that is, the west; the east is always the front), to Horeb, the mountain of God. There before the bush that burned and yet was not consumed, Moses heard God speaking to him. Just as the account of the temptation of Christ in the wilderness must have come from Christ Himself, and is his pictorial way of portraying His inner experience, so the account of the call of Moses in the wilderness must have been told by Moses himself, and may have been given by him in this pictorial way.

The burning bush may have been an outward representation of an inward experience—the flame of enthusiasm for a great cause. Be that as it may, it is assuredly true that Moses had the power to see the divine origin of the glowing beauty of the bush; he was able to see God in the things of everyday life.

"Moses stood before an ordinary bush, and he became aware of God; Jeremiah stood before a budding almond tree while all around was dead, and he became aware of God; Wordsworth stood before a little primrose at a rock, and it became to him the court of the Deity."—J. H. Jewett.

"Draw not nigh hither; put off thy shoes; (sandals) from off thy feet; for the place whereon thou standest is holy ground!"

## Send GARLAND BACK TO OTTAWA

GARLAND has given honest, conscientious service as a Member of Parliament for Bow River constituency for 9 years.

GARLAND has voted "for the people" on every issue that has been presented to the Federal House.

GARLAND has followed a true course, unswayed by mercenary interest or offers of preferment by the Government.

GARLAND has championed the cause of Agriculture persistently and successfully in Parliament and out of it. Agriculture is a basic industry upon which depends the prosperity of the Province, the villages, the towns and the cities. He has毫不动摇地支持农业。

GARLAND's services to returned men are nationally known and appreciated.

GARLAND has worked effectively for the welfare of Bow River, Alberta and the Dominion of Canada.

Nine years of active service have ripened Garland's natural ability to a high degree of efficiency and maturity of judgment.

Why take a chance?

Published by the Bow River U. F. A. Constituency Association, Calgary.

**VOTE X FOR GARLAND**

### NOTICE

Young filly, half face, white hind feet, no visible brand. Bay two-year-old stallion, white star, white hind feet, no visible brand. Black four-year-old stud, white star, no visible brand. Dark grey two-year-old gelding, white stripe, no visible brand.

## Town & District

Why not have a swimming tournament at the swimming hole?

At present election interest is exceptionally low and this is probably due to the fact that their reflection in the local press is nil.

Hector McLean came down from Calgary Sunday afternoon to spend a vacation with Max Yates and his former school friends.

Mr. H. H. Ellis is the chairman for Chautauqua this year and is having a busy time attending to his many duties.

Stanley M. Murray is an extra busy man these days, managing the Chautauqua tickets and advising those who are on the guarantee list to call at once for their tickets.

Remember those who signed up guaranteeing Chautauqua are giving you an opportunity to attend shows at the fair that otherwise would cost you \$10.00. Do you appreciate their efforts?

Wm. Boss with his team, plow and freno made a grand improvement last week to the lots on the corners east of the Calfie in completing them in the two old cellar and leveling off the lots.

White, the dog at the Calgary Exhibition and Stampede, will celebrate Mr. P. Burns 5th birthday. No person deserves such recognition as friend "Patsy" the present president of the exhibition. Next, Pat, we're right on here below and see you at the Calgary stampede.

Now the 1930 Calgary Exhibition and Stampede will celebrate Mr. P. Burns 5th birthday. No person deserves such recognition as friend "Patsy" the present president of the exhibition. Next, Pat, we're right on here below and see you at the Calgary stampede.

The kiddies are having a great time with Miss Hemphill, superintendent of Chautauqua.

Dick Covrone, a Gleichen boy, won the chuck wagon racing title at the Calgary stampede. Gleichen proud of Dick.

### COMING EVENTS

July 19 to 25—Gleichen Chautauqua.  
July 23—Dominion elections.  
July 25—Picture house opening and champagne in Gleichen Con. Hall.  
Aug. 7—Picnic at Bowes Park Calgary.

### EYES EXAMINED

E. J. Anderson, B. Str., will be at the Queens' Hotel on Wednesday, July 23rd.

**FOR SALE—1** registered Jersey bull, two and a half years old. Apply Mr. Felix Corbrell, Phone 302, Gleichen Alta.

### TOWN & DISTRICT

Monday, with a real hot one—variously stated from 90 to 100 in the shade.

As per usual Gleichen was represented in the big Calgary parade by Mr. Emil Griesbach in his Red River cart—just young and happy as ever.

The notice of the Gleichen School District appearing in this issue of the regulations regarding High School students should be read and carefully considered.

The annual unit service will be held at the Chautauqua on Saturday evening at 8 p.m. All members are taking part, everyone is invited to attend and arrangements for exceptionally good music will be made.

Mr. and Mrs. F. W. McKay are down from Calgary looking after their interests in this district, and a conference is being held at the argument left in favor of the Liberals.

The kiddies are having a great time with Miss Hemphill, superintendent of Chautauqua.

Dick Covrone, a Gleichen boy, won the chuck wagon racing title at the Calgary stampede. Gleichen proud of Dick.

The rental fee of \$30.00 per year  
of which \$12.00 will be payable

September 1, 1930, and \$18.00 on

September 1, 1931. The total fee of

\$48.00 per year of which \$20.00 is due

on September 1, 1930, and \$28.00 on

September 1, 1931. Non resident pupils

intending to

enter the Gleichen High School on

September 3, 1930, must advise either

the secretary or the chairman of the

district on or before August 1st.

Notice is hereby given that Grade

XII will be taught in the Gleichen

High School beginning fall term

September 3, 1930.

The attention of the parents and

the School District Trustees is drawn to the following regulations regarding

the High School tuition fees.

The tuition fee beginning Septem-

ber 2, 1930, will be \$70.00 per school

year or at the rate of \$7.00 per

month.

This amount must be guaranteed by

the School District from which the

parent comes, paying the same to the

district on or before the first day of

September, 1930.

The Gleichen School Board

will not enter into any arrangements

to enter with parents of pupils.

Agreements made with the

parents must make that

the arrangements respecting fees

are to be paid to the school board.

The Gleichen School Board

will be distinctly to facilitate in every

possible way within the limits of the

district to meet the expense of

the education of all non-resident pupils.

To that end they have adopted the above

method of making the school

equitable in the distribution of high

school costs.

M. MURRAY,

Secretary-Treasurer.
